

Engr. Abdul Murad

Mechanical Engineer

PEC Registered (059962)

Shangla KPK Pakistan | +923411275751 | muradjehan21@gmail.com

Immediate Joiner

Passport No:DM0972781

Professional Summary

Mechanical Engineer with HVAC systems QC inspecting experience in Oil & Gas, Aviation, and Industrial sectors in Pakistan. Certified Level3 Diploma in Welding Quality Control, ASME member. Expert in international quality standards, weld inspection, material traceability, and pressure testing.

Work Experience

MEP Engineer Mechanical:

Pro building Designer Pakistan|

Aug 2026 –Present

- MEP & HVAC Engineering
- Revit BIM Modeling
- Architectural & MEP Coordination
- HVAC Ductwork & Air Distribution
- Existing Building Documentation
- Renovation & As-Built Updates
- Scan-to-BIM Support
- AutoCAD Drawing Updates
- BIM Clash Coordination
- Technical Drawing & Documentation
- Revit Families, Views & Schedules
- MEP QA/QC

Mechanical Engineer (HVAC):

Orient Energy Pvt Ltd. Karachi, Pakistan|

July 2025 –May 2026

- Plan, assign, inspect, repair activities maintain record, files and reports.
- Assign and distribute work orders and work requests.
- Attend and participate in meetings regarding work to be done; attend Training classes.
- Check and troubleshoot equipment; set and adjust controls in schools.
- Order and pick up parts for jobs in order to keep mechanics on the job.
- Coordinate work with other departments as needed.
- Provide timely and effective replacement of damaged or missing parts.
- Inform Manager completed and outstanding work orders.

Mechanical Engineer:

Shahnawaz Engineering Pvt Ltd Karachi, Pakistan|

August 2024–April 2025

- Monitor temperature, pressure, and flow rate parameters.
- Adjust chilled water supply temperatures as needed.
- Maintain proper water treatment and chemistry levels.
- Perform routine maintenance (e.g., filter cleaning, lubrication).
- Troubleshoot issues (e.g., leaks, alarms, equipment malfunctions).
- Optimize chiller performance for energy efficiency.
- Record and analyze operating data for performance trends.
- Ensure compliance with safety protocols and regulations.
- Coordinate with other plant personnel for maintenance and repair.

Application Engineer:

Cosmix Engineering Karachi– Pakistan|

Jun 2023–Sep 2023

- Provide HVAC technical support and product selection for chillers, AHUs, FCUs, and ducted systems to clients and consultants.
- Perform HVAC load calculations and design duct layouts, sizing, and air distribution as per ASHRAE standards.
- Prepare shop drawings, BOQs, technical submittals, and equipment proposals for commercial and industrial projects
- Conduct site visits for equipment installation supervision, commissioning, and system performance testing
- Optimize HVAC system for energy efficiency and proper chilled water/parameter

Mechanical Engineer:

Pakistan Railway PVT LTD–Pakistan|

July 2022 –May 2023

- Assisted in inspection and condition monitoring of equipment.
- Followed maintenance procedures and safety standards.
- Maintained maintenance logs and technical documentation.
- Coordinated with teams for troubleshooting and repairs.
- Assisted in spare parts tracking and inventory control

Education:

BSc Mechanical Engineering: Hamdard University Karachi Pakistan.

FSc Pre-Engineering: Faizan School & College Besham Shangla KPK.

Key Skills:

- AutoCAD MEP
- Revit MEP
- BIM360
- SolidWorks
- MS Office (Word, Excel, Visio, PowerPoint)
- Mechanical system design and analysis
- HVAC, piping, and MEP systems knowledge
- Equipment installation and maintenance
- Reading and interpreting engineering drawings
- BOQs, MTO, and cost estimation
- Project coordination and site supervision
- QA/QC inspection and documentation
- Knowledge of ISO, ASME, and international standards
- AutoCAD, Revit, and MS Office proficiency
- Problem-solving and technical troubleshooting.
- Safety standards and risk assessment.

Languages & English Proficiency:

English–Fluent (Medium of instruction for entire BSc degree–HEC/PEC certified) Urdu – Native

English Proficiency Certificate available upon request

Certifications:

- ❖ Certificate Of Appreciation: (Institute of Electrical and Electronics Engineers (IEEE) [07/2024]
- ❖ Certificate Of Registration: (Pakistan Engineering Council as a Registered Engineer) [10/2025]
- ❖ Introduction to ISO 45001:2018 Occupational Health & Safety Management System (The Knights Academy of Safety). [12/2025]
- ❖ The COSHH Risk Assessor Certification:(The Knights Academy of Safety). [12/2025]
- ❖ ISO 50001:2018 Energy Management System Awareness (The Knights Academy of Safety). [12/2025]
- ❖ ISO 14001:2015 Environmental Management System Awareness (The Knights Academy of Safety). [12/2025]
- ❖ Certificate in Information technology (Hi-Tech Institute of Technology Mansehra). [07/2015]
- ❖ AutoCAD Training Certificate: (Completed Training Of AutoCAD under Virtual University Islamabad. [02/2024]
- ❖ Certificate of Project Management: (Completed Project Management Certificate from Great learning. [02/2024]

Additional Training & Memberships:

- Registered Member of IAENG- International Association of Engineers. (March 2026)
- ASME Chapter Hamdard University Karachi Pakistan (2022)
- Registered Mechanical Engineer Pakistan Engineering Council, Islamabad. (2025)
- ASME Membership (2021– Present)
